

2<sup>nd</sup> October 2023

Dear Member,

*\*kindly see disclaimer at end of this letter\**

G'day, mates! It's that time of the year again when we dust off our pickaxes, don our hard hats, and gather for a ripper of an event – the **34th LME Downunder Dinner!** So grab your shovels and prepare for a night of mining and metals madness like you've never seen before!

I can already hear your excitement echoing through the underground tunnels, wondering who we've snagged as our guest speaker this year. Well, hold onto your hard hats because we've struck Nickel, Copper and PGE's! I am absolutely stoked to announce that our esteemed guest speaker will be none other than **Alex Dorsch**, the stellar **CEO of Chalice Mining**. Can I hear a "Crikey!"?

Remember, this is the night when miners become legends. Don't be the one left sifting through the tailings, hearing tales of the epic party you missed. Join us on **Wednesday 8<sup>th</sup> November 2023 at 7.00pm** on the day after The Melbourne Cup, at the **magnificent Plaza Ballroom of the Regent Theatre, Collins Street, Melbourne** and let's dig into an evening of laughter, camaraderie, and mining madness!

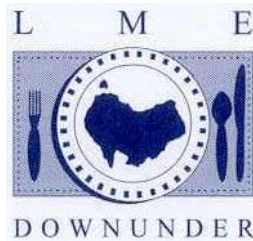

Now, I know what you're thinking. "Why should I attend this shindig?" Let me tell you, this is not your average stuffy corporate dinner. This is a night of camaraderie, laughter, and a few bevies to celebrate our shared passion for all things mining. Trust me, you don't want to miss it!

Picture this: You enter the venue, and the room is lit up like a gold mine, with sparkling chandeliers and twinkling disco balls hanging from the ceiling. Miners from all walks of life are milling around, wearing tuxedos with bright yellow vests and dirt-streaked faces – the perfect blend of elegance and authenticity.

But wait, there's more! We've got entertainment that will make your chuckle muscles work harder than a jackhammer. Our very own mining-themed talent show will have you rolling in the aisles. Witness the mine supervisors busting out their breakdance moves, geologists juggling rocks, and accountants attempting to count to ten while wearing mining boots. It's a comedy extravaganza you won't find anywhere else!

Of course, we can't forget the pièce de résistance – the much-anticipated speech from **Mr. Alex Dorsch** himself. Brace yourselves for an evening of wisdom, inspiration, and probably a few stories about mining mishaps that will leave you wondering if you're better off sticking to your day job. But hey, that's the beauty of it all – we're in this mining gig together, for better or for worse!

So, grab your mates, throw on your finest hi-vis black tie attire, and get ready for an unforgettable night at the **34th LME Downunder Dinner**. Tickets are going faster than a runaway ore train, so head over to our website at [lmeddu.com](http://lmeddu.com) and secure your spot before it's too late!

**Please now book quickly to avoid disappointment, no later than 18<sup>th</sup> October 2023.**

Payment is by **Visa** or **Mastercard** and the price for this year's dinner once again remains unchanged at **A\$175.00 per person, plus GST**. (A surcharge of A\$25.00 + GST will apply for bookings after 25<sup>th</sup> October and kindly note that refunds cannot be offered for any cancellation requests received after 25<sup>th</sup> October as venue numbers will be finalized after that date).

On receipt of your payment you will be emailed a tax receipt to confirm your attendance.

Your queries, if you have them, will this year be expertly handled by **Ms Patti Num** and you can make contact any time of day or night at email **secretary@lmeddu.com**.

Yours in mining merriment,

The Chairman  
LME Downunder Dinner

Warning! The following letter was lovingly crafted with the assistance of ChatGPT, the AI language wizard. While ChatGPT has a knack for conjuring words, it's not an expert in organizing dinner parties (unless you're inviting digital bytes to dine).

So, before you unleash this letter upon the unsuspecting attendees of the LME Downunder Dinner event, we recommend adding your unique flair, a touch of personality, and any specific details you think might make your event shine brighter than a disco ball in a kangaroo dance-off.

Remember, while ChatGPT may help you start your journey, it's up to you to make this letter sizzle, dazzle, and, most importantly, convince folks to join the Downunder shindig!

Cheers to an event so epic that even AI would want to RSVP!
